

1st International Conference on Natural Resources of India and the World

Theme – Recent Advances in Exploration and Production of Natural Resources

5-9 February 2018

Venue – Conference hall, Chandrapur, Maharashtra, India

Vinay K. Sahay (Director, MEPL Research Foundation) is convening a 5-day multidisciplinary International Conference on Natural Resources of India and the World in Chandrapur city (City of Black Gold), Maharashtra, India.

This 5-day multidisciplinary conference will provide up-to-date geo-scientific and geoengineering information and will address the scientific, technological and commercial issues facing by natural resources industry.

A. Exploration and production of oil and gas

Sessions

1. New exploration play and prospects
2. Cost efficient technology application and exploitation of small and marginal oilfields
3. Efficient reservoir production and management practices in mature and newly developed oilfields
4. Advanced scientific concepts and technology in exploration and production of conventional oil and gas
5. Advances in exploration and commercial production of unconventional hydrocarbon

B. Exploration and production of minerals

Sessions

1. Best practices and techniques in mineral exploration projects
2. Feasibility study of mineral projects
3. Best practices in mineral mining
4. Case studies of best practices in mineral processing projects
5. Environmental management in mining projects

C. Exploration and production of groundwater

Sessions

1. Global groundwater issues and solutions
2. Groundwater reservoir management
3. Groundwater geochemistry, contamination and solutions
4. Best practices case studies in groundwater development and management
5. Application of remote sensing and GIS in groundwater

Abstract submission

Abstract of both oral and poster presentations, highlighting in not more than 600 words (Font-12 Times New Roman, Double space, mentioning submission title, name of author(s) with their affiliation and corresponding authors email, mobile number should be sent to Vinay K. Sahay, Convenor (Email – geo_vinay@yahoo.co.in, vinay.sahay@geologist.com). Please mention your preference of Oral or Poster session. However, organizers decision will be final in this regard.

Publication

Abstract volume will be published online on website of International Basic and Applied Research Journal. Those authors who wish to publish their full article can send the full article for peer review for publication in International Basic and Applied Research Journal. Instructions on article preparation can be found on journal website in Author guidelines section. Full article in word file should be sent to Vinay K. Sahay.

Important dates

Abstract submission last date – 30 October 2017

Abstract acceptance notification – 01 November 2017

Payment of registration fees last date – 30 November 2017

(Indian delegate – Registration fees Rs.10,000 for professionals and Rs. 6,000 for students)

(Foreign delegate - Registration fees US\$500)

Conference opening – 5 February 2018

About Chandrapur City (City of Black Gold)

Chandrapur is a district in the Indian state of Maharashtra. The Wardha River flows near the city. It is famous for its super thermal power plant, one of the biggest in Asia, and its vast reserves of coal. Due to large number of coal mines present around the city, the city is also known as "City of Black Gold". Chandrapur is well connected by air, rail and road route. By air it can be reached via Mumbai-Nagpur air route. Chandrapur is well connected with all major cities of India by rail and road network being adjacent to Nagpur city, the centre of India.

Tourism in Chandrapur district is a relaxing experience. There are many places located here where one can go in to soak in the atmosphere and to relax in the calm and beauty of the place. One of the most famous tourist attractions located in the district is the Tadoba-Andhari Tiger Reserve (<http://tadoba-national-park.com/>), about 14 kms from Chandrapur city. The city of Chandrapur has ancient temples of the goddess Mahakali and of Anchareshwar, a form of the god Shiva and Ramala pond (Ramala Talao).

Accommodation

A lot of 3 stars to budget hotels are present in Chandrapur city. Accommodation can be made available in Chandrapur city hotels on your request with advance payment. For details and confirmation of accommodation, please contact: Vinay K. Sahay (Email – geo_vinay@yahoo.co.in, vinay.sahay@geologist.com, Mobile/WhatsApp no. - +919730514284).
